Families and businesses are saving with the help of ENERGY STAR®

Arkansas is home to about **80** businesses and organizations participating in U.S. EPA's ENERGY STAR program:

13 manufacturers of ENERGY STAR certified products

4 companies supporting independent certification of ENERGY STAR products and homes

8 companies building ENERGY STAR certified homes,

as well as many businesses, schools, governments, and faith-based groups using ENERGY STAR to reduce energy waste.

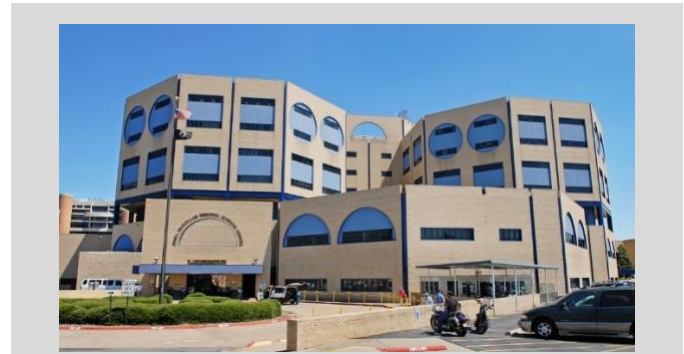

Across Arkansas

816 thousand customers were served by ENERGY STAR utility partners in 2018

1,837 buildings (more than 105 million square feet) were benchmarked in 2018 using EPA's ENERGY STAR Portfolio Manager

1,556 homes have earned the ENERGY STAR

93 buildings have earned the ENERGY STAR for superior efficiency, including 13 schools, 2 hotels, 6 hospitals, 19 office buildings and 1 industrial plant.

John L. McClellan Memorial Veterans Hospital, Little Rock, Arkansas. First earned ENERGY STAR certification in 2002.

State Spotlights

Searcy ranked among the top 10 small cities in the country by number of ENERGY STAR certified buildings in 2016. The 10 buildings amounted to **\$600,000 in energy cost savings**.

AEGON USA Realty Advisors LLC entered a Little Rock office building into the 2016 ENERGY STAR 2016 Battle of the Buildings: BOOTCAMP, **saving an estimated \$10,176 in energy costs** in just three months.

The Arkansas industrial plant site that achieved the ENERGY STAR Challenge for Industry **saved \$1,170,398 in energy costs**.

"CAVHS is proud to be designated as a top energy performer among hospitals nationwide. Earning the ENERGY STAR for our facility means that our efforts to reduce energy use are helping conserve the nation's energy resources and reduce greenhouse gas emissions. By implementing energy-saving practices and using energy-efficient equipment, we also save money-every month-on our utility bills."

– Ray Lipin, Chief Engineer, Central Arkansas Veterans Health Care System
